Herbal Treatment for Filariasis

By: Mr. Vishundev Mango Yadav, Nawada, Bihar

Innovation Description

The traditional knowledge holder has suggested treatment for filariasis.

Disease symptoms: Swollen lymph nodes

Ingredients: Seeds of Tutiya (*Launaea procumbens* (Roxb.) Amin), Rhizome of Haldi (*Curcuma longa* L.), Seeds of Masur (*Lens culinaris* Medik.), Mustard oil, Kerosene.

Preparation: Soak the masur seeds in water. Crush them along with rhizome and mustard oil to make paste. Heat the paste slightly. Separately crush the tutiya seeds along with kerosene to make paste.

Dosage/Application: Apply the paste on the affected area twice daily for 3-4 days.

Ingredients' availability: The plants are available in nearby places and the other ingredients are available in the local market.
